2 System Title

Description: Keskin Tencon Suspended Floor System

3

The system has been assessed on the following drawings and documents:

BBA Certificate No. 05/4257

Certificate limited to A1 Loading and Regulation 7 Materials and workmanship requirements of the Building Regulations. Structural calculations (prepared in accordance with clause 8.5 of the Agreement Cert. No 05/4257) must be deposited for approval, by the relevant Local Authority Building Control Office, in whose area the system is being constructed.

4 Assessment

The design and method of construction of the system described in (2) above has been examined and as far as it has been shown has been found to be capable of complying with current Building Regulations.

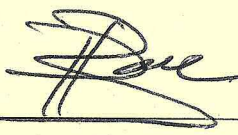

5 Conditions of certification

- 1 The design shown and the materials specified shall not be changed without reference to the local authority responsible for certifying the system.
- 2 The certificate shall be valid for three years or until invalidated by formal notice.
- 3 Where reference is made on a plan to any Code of Practice, British Standard or manufacturer's instruction it shall be construed as a reference to such publication in the form in which it is in force at the date of this certificate.
- 4 This certificate should not be regarded as a formal approval under the Building Regulations.

6 Authority

This system approval certificate is authorised by:

Name: PHILIP G BALL

Signature: 

on behalf of: Preston City Council
